## St Gilbert's Church of England Primary School

Foundry Road Stamford Lincolnshire PE9 2PP

Monday 8<sup>th</sup> March 2021

Dear Parents and Carers

### RE: Lateral Flow Testing for Households

All staff in school have access to twice weekly lateral flow device tests as part of the asymptomatic testing of school staff.

As schools reopen, the following people will have access to regular rapid lateral flow device testing made available to them:

- secondary school pupils
- primary and secondary school staff
- households, childcare and support bubbles of primary and secondary-age pupils
- households, childcare and support bubbles of primary and secondary staff

**Primary school pupils are not being asked to test at this time.**

This means that all households at St.Gilbert's can now take part in rapid lateral device flow testing too which will further protect our school and community.

Please follow the link below for more information about who is eligible, how to order the test kits and the reporting process.
