

ST GILBERT'S CHURCH OF ENGLAND PRIMARY SCHOOL

RISK ASSESSMENT – COVID-19

Consultation with staff took place on May 22nd 2020.

Chair of governors also present and has conducted a walk around the site on May 22nd 2020

Risk assessment sent to governors and agreed following staff consultation: May 28th 2020

This is a dynamic risk assessment which will be amended on an ongoing basis as required.

Should government plans change it will be reviewed, plans shared and agreed with governors and consulted on with staff.

Reviewed: June 8th 2020

Reviewed for September 1st 2020

Governance consultation 28th August 2020.

Staff consultation - September 1st 2020.

Reviewed: December 2020 – The County is currently within Tier Three and will therefore abide the government guidance linked to this Tier. There are currently no changes to the risk assessment but this will remain under review.

Reviewed: January 2021 – The County has moved into Tier 4 and will therefore abide the government guidance linked to this Tier. Some changes have been made in accordance with this guidance.

Reviewed: January 2021 – The County has moved into Lockdown and will therefore abide the government guidance linked to this which was received on Thursday 7th January. changes have been made in accordance with this guidance.

Reviewed February 2021 – The guidance has altered from March 8th and changes have been made in line with it.

Reviewed May 2021 – The guidance has altered from 17th May and changes have been made in line with it.

Reviewed June 2021 – The guidance has altered and changes have been made in line with it.

Reviewed July 2021 – The guidance has altered and changes have been made in line with it.

Risk Rating	Likelihood of Occurrence x Severity of Harm
Likelihood of Occurrence	1 rare / 2 unlikely / 3 moderate / 4 likely / 5 almost certain
Severity of Injury	1 minor / 2 moderate / 3 significant / 4 major / 5 catastrophic

DRAFT

Assessment No:		Area/Activity:	COVID-19 PROVISIONS	Carried out by: Consulted	F DICKER All staff	Date: Draft 4	May 2020

Hazard	Who might be harmed ?	Existing Controls	Risk Rating	Is the risk adequately controlled?	If No, What further actions are required to reduce the risk?
<p>Entry onto and exit from site</p> <p>Parents/pupils not keeping their distance increasing the risk of spreading the virus</p>	<p>Staff Parents Pupils</p>	<p>-Parents will enter the school site through the bottom car park which will be clearly signed.</p> <p>Parents to wait on the school field, observing social distancing measures. Siblings must stay next to parents at all time. We invite parents to wear masks on site.</p> <p>They must not enter the building but remain outside unless there is a medical emergency regarding their child.</p> <p>No parents on school site during the school day unless in an emergency or for an appointment.</p> <p>When leaving the school site, parents must maintain social distancing and leave the site immediately through the designated channels.</p> <p>Staff must not enter the car park during pupil arrival and leaving times</p> <p>Further parental communication in the day will be by phone or email.</p> <p>NB – alternative arrangements will be in place during adverse weather and will be arranged nearer the time.</p> <p>We prefer for parents to drop off and collect at the beginning and end of the school day. However, those in a family/social bubble and those who are childminders may also do this.</p> <p>Only 1 adult to collect or drop off. All children must be collected with the exception of Y6 pupils who have written parental permission.</p>	<p>9</p>	<p>Yes</p>	

<p>Dropping and collecting pupils from school –</p> <p>Parents not following timings/expectations so increasing numbers on school site and therefore increasing the risk of spreading the virus</p>	<p>Pupils Staff Parents</p>	<p>All children must be collected by one adult at the end of the school day. Y6 pupils may walk home on their own but parents will be required to complete a permission form before this happens.</p> <p>Each class will be collected or picked up on a staggered rota basis by the staff member for that group. Staff members may choose to wear masks at these times. Leadership will be present at all times. All parents have been informed of collection and drop off times.</p> <p>Parents will follow the same route into the school and exit by the same route, observing the correct measures.</p> <p>Staggering will ensure that there is not overcrowding at the school gates as per the information sent to parents. If this should happen, parents will be reminded of protocol verbally and by email.</p> <p>Should staff need to talk with parents, they must do this at a safe distance. A phone call may be easier to maintain confidentiality.</p> <p>Ideally, no member of staff must intervene or hold a child’s hand if distressed. They must endeavour to give support to the child as best they can whilst observing the 2m. However, there may be times when this is necessary and staff must endeavour to make this as short as possible and sanitise before and after coming into contact.</p>	<p>9</p>	<p>Yes</p>	
<p>Entry into school</p> <p>Pupils/Staff not expectations so increasing the risk of spreading the virus</p>	<p>Pupils Staff Parents</p>	<p>All groups will enter and exit the school from the same nominated/identified door only</p> <p>They will put their belongings on their chair and then sanitise their hands. All coats and bags to remain in the ‘classroom pod. Lockers are not to be used</p> <p>Pupils to wash or sanitise their hands with hot water and soap or an alcohol-based sanitiser as soon as they arrive following the school protocol.</p>	<p>6</p>	<p>Yes</p>	
<p>Attendance</p> <p>Pupils not returning to school, impacting on their academic and mental welfare</p>	<p>Pupils Parents</p>	<p>170521 - Attendance is mandatory for all pupils with the exception of CEV pupils who have been told to shield by their clinician. The school will work with parents of these clinically extremely vulnerable (CEV) pupils and with parents who are anxious about the return to school or their child is displaying anxiety.</p> <p>If a child cannot attend school due to medical advice, then the pupils will receive remote education. Please refer to the Remote Learning Guidance – remote learning will be for 3 hours on average for EYFS and KS1 and 4 hours per day for KS2.</p> <p>Holidays in term time continue not to be allowed.</p> <p>Should a child not be able to attend school because they are not able to travel from abroad, the school will work with the family to ascertain the return to school date which will include the legal isolation requirements prior to return. The school will continue to provide remote education for the child concerned in line with Remote Learning Curriculum.</p> <p>Should they school need to temporarily close to all pupils, then the school will ensure that they contact the LA to discuss alternative arrangements for vulnerable pupils.</p>			

<p>Group sizes meet DFE guidelines</p> <p>Virus spreading between pupils/staff due to protocols not being followed</p>	<p>Staff Pupils</p>	<p>Pupils will stay within the class pods for the duration of their time in school.</p> <p>Pods will learn in their groups and eat in their groups.</p> <p>Pods will now be able to play in their bubbles both at lunchtime and playtime.</p> <p>All staff able to travel safely to school confirmed.</p> <p>Classrooms (pods) to be organised in line with guidance – pupils sat next to each other and facing forward to support distancing where possible. All sizes of classes can be referred to on the pupils list.</p> <p>All staff will socially distance 2m between staff and 1m+ with pupils but transitory contact will take place. This is low risk as stated in government guidance. A ‘register’ to be kept of any close contact work over and above pods. All classrooms to be set up to support distancing where possible. We recognise transitory contact - the DFE has advised this is low risk. Pupil will remain in their seats and not move freely around the classrooms. Emphasis will be on keeping distance and children must be encouraged not to touch staff wherever possible though it is understood that for younger pupils this is not always possible.</p> <p>Each bubble/pod will be organised with tables and chairs facing forward and not facing each other. Those with low level of engagement to be sat at the front. Children must remain at their table. Staff to train pupils in how to enter/leave classroom – in specific order, leave classroom and how to not visit other tables.</p> <p>Pods will be able to work together across bubbles within shared areas only or within other designated areas - tables and chairs will need to be cleaned directly afterwards. Staff leading the group will need to socially distance themselves from pupils and pupils from different pods will also need to socially distance.</p> <p>EYFS will act as one pod – distancing will be encouraged but it is confirmed in the guidance that this is not always possible at such a young age. All resources will be continued to be sanitised. Outdoor area will be used.</p> <p>PPE has been sourced and is available if required for medical support.</p> <p>All classrooms have:</p> <p>Bins - staff have agreed during consultation that they are happy with one bag. No lids. Sanitiser D10 (antibacterial cleaner) and paper towels for cleaning resources Paper towels and soap if there is a sink in the room Disposable tissues – supplies have been checked Disposable gloves Mask Aprons</p> <p>Tablets, if used, etc will be cleaned at the end of the day. Resources – each classroom will organise their own resources. These will not be shared. Each pod will have its own equipment, including play resources.</p>	<p>6</p>	<p>Yes</p>	
--	---------------------	---	----------	------------	--

For individual and very frequently used equipment, such as pencils and pens, staff and pupils should have their own items that are not shared. Classroom based resources, such as books and games, can be used and shared within the bubble; these should be cleaned regularly, along with all frequently touched surfaces.

Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles.

Outdoor playground equipment should be more frequently cleaned.

Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Similar rules on hand cleaning, cleaning of the resources and rotation should apply to these resources.

Classroom fire exits (if present) and high-level windows will be open to enable good ventilation in the rooms. This is safe as the school site will be secured after the last group of parents have left.

Fire exits do not need to be open in colder weather but left open during break/lunchtimes whilst children are outside to purge the air in the space. SBM/Site Officer responsible for ensuring all gates are closed and locked or opened at the end of the school day. Currently the school has no runners but this will be practically assessed on a day by day basis and measures put in place should it be required.

Marked 'Fire Doors' are NOT to be wedged open unless they are linked to the automatic closing mechanism

Air conditioning systems – following reference to the HSE website, 23/6/2020, the use of the type of air conditioning units in school is deemed to be low risk. Staff email sent to confirm 24/6/2020

PE lessons to take place outside with outdoor sports prioritised. This means that as the weather changes, access to physical activity may change. All contact should be avoided - please refer to team sports on the list available at [return to recreational team sport framework](#).

If lessons take place indoors, social distancing will be adhered to and ventilation will also be provided.

All resources must be cleaned in between sessions. Pupils should be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided.

Sports Days are able to go ahead in line with guidance. The school will run these within phases i.e. Year 5.6. Due to the imitations on attendance, parents will not attend. All health and safety systems will be maintained.

Music

Singing in classes will take place in line with guidance from the DFE and the Lincolnshire Music Service. All children and staff will face forward, ventilation will be ensured and sound made will be kept low. Timings of sessions will be no longer than 40 minutes and music should be played at a minimum level. Please refer to the guidance for additional information.

However, music lessons could take place outside when possible and be socially distanced. If instruments are used they will be used within one pod only, sanitised ready for another pod within the bubble to be used, ensuring enough time is left between lessons - 48/72 hours.

If indoors – staff must use a room with as much space as possible, for example, larger rooms; rooms with high ceilings are expected to enable dilution of aerosol transmission. If playing indoors, limiting the numbers to account for ventilation of the space and the ability to social distance. It is important to ensure good ventilation.

Peripatetic music lessons are now taking place in school in line with measures agreed by the school and LMS.

Teachers and TAs deployed into pods though can work across pods within bubbles and across school – aim is to maintain work within Bubbles.

Staff should ideally maintain 2m distance from each other and from children as often as circumstances allow. Staff should avoid face to face contact and minimise time spent within 1 metre of anyone. This is not always possible with younger pupils and those with complex needs.

All staff should follow protocols and no close working to take place unless 1:1. In these circumstances, close contact should only be for the maximum time of 15 mins. Face to face contact should be avoided. Any 1:1 work outside of the classroom should be limited and socially distanced at 2m and tables/chairs cleaned directly afterwards. Separate tables should be used if at all possible.

SENDCo will complete risk assessment with TA1:1 directly related to pupil and ensure safety measures are in place pertinent to pupil. These will be shared with parents.

All staff will be aware of expectations of abiding by guidelines once on site and will ensure that they explain these in full to pupils. Should there be any concerns that a pupil is not following them, the HT or DHT will remind the pupil, and parents will be informed so that they can reiterate it at home.

Staff meetings will continue to take place in the hall. Staff may wear face masks for these meetings should they wish.

Teachers leading PPA must keep their distance (2m) as much as possible during their time in the pod and sanitise before and after. PPA staff to use their own particular resources as much as possible and all other resources touched must also be sanitised.

Replacement of staff – should a staff member become ill with non-Covid symptoms the SBM will contact a specific teacher or a supply agency if required with the aim that we will use the same staff each time. The supply agency will be provided with the RA and the SBM will ensure the supply teacher is clear of the expectations, providing them with the 'visitors guidelines. Supply teachers, peripatetic teachers and/or other temporary staff can move between schools. They should ensure they minimise contact and maintain as much distance as possible from other staff.

Clubs – external run clubs will resume in line with May 17th guidance. Consistent year group pods will be maintained. All providers will have their own risk assessment in place.

DRAFT

<p>Organisation for washing hands</p> <p>Staff and pupils do not wash hands regularly enough so increasing risk of virus.</p>	<p>Pupils Staff</p>	<p>Protocol for handwashing has been given to all members of staff – indicating the minimum of expectation as to when and where this should be completed.</p> <p>All children and staff have access to sanitiser or hot water and soap in each classroom/shared area. Teachers must ensure there is a hand sanitiser station in each classroom and shared area. There will also be stations in the front office, in all rooms and at entrances.</p> <p>Minimum – entry to school, before and after playtime and lunchtime or change of learning area – after eating and entry back into school, following and after any outdoor learning and after visiting the toilet. Supervision will be completed by all staff irrespective of where they work.</p> <p>In addition, all children must be taught the ‘Catch it, bin it, kill it’ approach when sneezing or coughing into their hands. They must also sanitise their hands.</p> <p>Site staff to ensure all appropriate signage is maintained across site</p>	<p>9</p>	<p>Yes</p>	
<p>Toilets</p> <p>Staff and pupils do not wash hands regularly enough so increasing risk of virus.</p>	<p>Pupils Staff</p>	<p>Staff toilets - All toilets have hot water, paper towels and soap. These MUST be used. All hand dryers switched off. Staff to appraise pupils of correct paper towel use.</p> <p>This to be regularly checked by the Caretaking Team.</p> <p>Each phase to only use their designated toilets.</p> <p>For the ladies’ toilets – access will be arranged on two persons only and signage outside arranged to advise staff when vacant and when engaged.</p> <p>Pupil toilets – only one pupil allowed in at any one time – washing of hands to be monitored. All toilets to have paper towels and soap. These MUST be used. All hand dryers switched off. Pupils must be monitored whilst they go to the toilets.</p>	<p>9</p>	<p>Yes</p>	
<p>Movement around school</p> <p>Staff and pupils do not remain in bubbles/pods so increasing the risk of the virus</p>	<p>Pupils Staff</p>	<p>Pupils and staff to be reminded on a daily basis of the need to ensure social distancing remains in place, where possible. Pupils must be reminded to not touch staff where possible and older pupils must not touch each other. Organisation between staff should ensure that, all pods are kept apart and busy corridors should be avoided. Staff to remain 2m from pupils where reasonably practicable. No less than 1m for short period of time. Staff to maintain 2m distance from other staff throughout the day.</p> <p>One-way system not in place as enough space in corridors to ensure social distancing. If not, staff/pupils will need to wait for someone else to pass. Transitory contact.</p> <p>Staircases – social distancing to be maintained on stairs. No crossing on the stairs.</p> <p>Monitoring of systems by all staff – should they be concerned they must report their concerns to the HT/SBM who will take immediate action.</p> <p>Pupils to walk in single file and be socially distanced.</p> <p>Fire evacuation procedures to be tested on return.</p>	<p>9</p>	<p>Yes</p>	
<p>Clarity and frequency of signage Lack of awareness and reminders</p>	<p>Pupils Staff Parents</p>	<p>Clear signs across the school to remind staff and pupils about social distancing, handwashing and other areas of COVID-19.</p> <p>Staff responsibility to comply with these arrangements and to remind each other if this is not done.</p> <p>Staff responsibility to report any concerns to HT/SBM.</p>	<p>6</p>	<p>Yes</p>	

<p>Hygiene</p> <p>Areas are not cleaned sufficiently or staff do not secure resources adequately so increasing the risk</p>	<p>Pupils Staff</p>	<p>All areas will be thoroughly cleaned on a daily basis. All cleaning and hygiene must be completed in line with updated guidance. PPE should be worn.</p> <p>Monitoring will take place to ensure that cleaning is thorough and in-depth and in line with guidance.</p> <p>Where possible disposable PPE should be worn (gloves etc). These should be doubled bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished</p> <p>Clean hard surfaces with warm soapy water then disinfect with cleaning products normally used, paying particular attention to <i>frequently touched areas and surfaces</i>, toilet areas, grab-rails and door handles – generally all touch points including photocopiers, computers, key boards and mouse, light switches, telephones, chairs, banisters and all toilet areas.</p> <p><i>Wash hands regularly with soap and water, and after removing PPE</i></p>	<p>12</p>	<p>Yes</p>	
<p>Management of waste</p> <p>Waste is not managed effectively so increasing the risk</p>	<p>Pupils Staff</p>	<p>All management of waste will be managed with cleaning staff wearing PPE. All bins will have bin bags in them for ease of disposal. All bins will be emptied every day as is current practice. This includes external bins.</p>	<p>12</p>	<p>Yes</p>	
<p>First Aid</p> <p>Staff need to ensure all measures are followed to ensure safety of them and pupils</p>	<p>Pupils Staff Parents</p>	<p>First Aid – all staff must wear gloves and a mask when giving First Aid. PPE must be worn for intimate care.</p> <p>Should a child be coughing, spitting, being sick, goggles <u>must</u> be worn. In the current circumstances, whilst staff have a safeguarding duty to provide First Aid care, should staff be concerned they must ask for support. PPE must be worn by anyone providing intimate care.</p> <p>First Aid boxes into bandstands at 8:30am for access at break and lunchtimes. Brought in by MDS after lunch and restocked. Stored in Kitchen ready for dispersal the following morning. Wipes in all areas.</p> <p>First Aid slips to be put in children’s bags by children. Parents must be advised on handover or by phone – office staff - if FA has been given.</p> <p>Staff to have phone on hand should support be required from leadership.</p>	<p>12</p>	<p>Yes</p>	
<p>Effectiveness of staffing levels</p> <p>Staffing levels fall resulting in pods/bubbles not being educated in school</p>	<p>Pupils Staff</p>	<p>All staff levels currently effective with teachers overseeing TAs.</p> <p>In the event of staff becoming ill, the school will re-evaluate staffing and its organisation – redeploying as appropriate.</p>	<p>6</p>	<p>Yes</p>	
<p>Risk assessment for staff</p>	<p>Pupils Staff</p>	<p>If any staff has an underlying condition which means they need to practice social distancing the SBM will put a risk assessment in place for them should they require</p>	<p>12</p>	<p>Yes</p>	

<p>Those who are at risk are not sufficiently protected.</p>	<p>Parents</p>	<p>it.</p> <p>This will be signed by the SBM and the member of staff and given to the HT. It will be placed on their personnel file for as long as required. SBM will ensure a RA is in place for staff who are shielding others at home or who are CV. As per the guidance, those who are living with someone who is CEV or CV can attend work. Those who are deemed CEV do not need to shield from April 1st unless advised to by their clinician. They should ensure they maintain good prevention practice in the workplace, following all measures as they are removed from the shielding list.</p> <p>Staff who are pregnant – guidance will be followed in consultation with staff member. https://www.gov.uk/government/publications/coronavirus-covid-19-advice-for-pregnant-employees/coronavirus-covid-19-advice-for-pregnant-employees</p> <p>Decisions will be made on a person by person basis but will follow guidelines and reviewed on a fortnightly basis or sooner if required by either the academy or the member of staff.</p>			
<p>Mental health and well-being – Staff</p> <p>Staff mental well-being is not sufficiently attended to so increasing the risk of long-term absence</p>	<p>Staff</p>	<p>Ongoing verbal support and interaction in place</p> <p>Jubilee Garden provided for staff to get fresh air whilst also providing quiet and opportunities for relaxation.</p> <p>Social distancing to be practiced.</p> <p>Offer of OH referral if required and/or Referral to counselling which is part of the staff insurance package.</p> <p>Monitoring workload</p> <p>Adjustments to be put in place should they be required to support member of staff on a person by person basis. Staff insurance package gives access to a range of Wellbeing support resources SBM to email all staff with summary and link.</p> <p>Staffroom and Green Room leading on to Jubilee Garden available to staff during break and lunch times. Jubilee garden available for staff to get fresh air and to have some space to support their well-being.</p> <p>No more than six members of staff may enter or remain in the staffroom or Green room at any one time.</p> <p>Entering member of staff into a pod must wash their hands/sanitise before entering the pod.</p>	<p>9</p>	<p>Yes</p>	
<p>Mental health and well-being -Pupils</p> <p>Pupil mental well-being is not sufficiently attended to so increasing the risk of long-term absence</p>	<p>Pupils</p>	<p>Support will be given to staff by Mental Health Lead and CC in terms of initial activities to support the reintegration of pupils into school.</p> <p>SENDCo – Risk assessments are in place as required.</p> <p>Boxall profile also to be used, led by the Mental Health Lead to identify specific support required.</p> <p>Important to ensure good routines and expectations in place and that they continued to be reiterated.</p>	<p>9</p>	<p>Yes</p>	

		<p>Discussion with leadership if there are concerns.</p> <p>Please refer to Pupil support and well-being section. Staff will undergo training for this with a lead in place for the school.</p> <p>For pupils experiencing trauma the school will ensure that a discussion is had with parents and adjustments put in place to support the child with all pertinent staff being advised.</p> <p>External support will also be explored and a risk assessment will be completed at the time to ascertain whether it is safe to admit the provider onto site and for the support to be given, protecting all concerned.</p> <p>Should a child begin to exhibit anti-social behaviour, a behaviour plan will be put in place, exploring the reasons as to why this is happening.</p> <p>Staff will treat all pupils with compassion and respect. Sanctions will be proportionate.</p> <p>Behaviour policy also has addendum in regards to COVID-19 but staff should try not to physically intervene if at all possible. Should it be necessary to intervene for the safety of staff and pupils, the member of staff will wash their hands thoroughly and/or wear PPE if possible.</p>			
Leadership staff on site	Pupils Staff Parents	<p>Members of the leadership team will be present on site every day to support staff and ensure all protocols are adhered to.</p> <p>SENDCO/DDSL, DSL and members of staff with paediatric first aid trained staff on site.</p> <p>Leadership visible every day.</p>	6	Yes	
Provision of SENDCO and risk assessments for EHCP and IHCP pupils Risks are not identified or mitigated, putting pupils and staff at risk	Pupils Staff Parents	<p>Risk assessment in place for all pupils with EHCPs, staff working with the pupils or providing care.</p> <p>Consultation with staff and parents regarding adjustments as required.</p> <p>Should adequate safety not be possible, arrangement will be made with the family on a child by child basis.</p> <p>Monitoring of those who are CEV and not in school will receive fortnightly calls from SENDCo and/or DSL to ensure their well-being.</p>	4	Yes	
No drinking fountains Drinking fountains are a source of risk due to risk of mouth contact with fountain and a touch area	Pupils Staff	<p>All drinking fountains are disabled and must not be used. No plastic cups will be provided.</p> <p>Pupils must have water bottles in school every day.</p>	4	Yes	
Lunchtime	Pupils	Lunchtime will take place on a rota basis as per internal plans. These will be	9		

<p>arrangements</p> <p>Pupils are not maintained in their pods so increasing risk of transmission</p>	<p>Staff</p>	<p>consistently reviewed for best practice and safety. Children to be socially distanced within the pod and only use their resources.</p> <p>Midday staff will remain with pods/bubbles throughout the lunch hour. All groups, with the exceptions of EYFS, will eat in their classroom, then play outside in their groups in clearly demarcated areas</p> <p>All pupils must wash their hands before and after lunch. No sharing of food. Pupils responsible for putting their own lunchtime waste into the bins if they are having HSM.</p> <p>Tables to be cleaned down after use and PPE should be worn where req'd (gloves etc)</p> <p>Clean down equipment and resources on a regular basis</p> <p>Staff on duty will be required to monitor pupils safely and call 'Bubbles' should pupils forget.</p> <p>Wet weather – leadership will be on duty to support groups across the school. All pods will remain in their rooms.</p> <p>All parents informed that pupils must bring their own water bottles.</p>		<p>Yes</p>	
<p>Medical Room</p> <p>Pupils/staff are not isolated so increasing risk to other members of staff</p>	<p>Pupils Staff Parents</p>	<p>Medical room organised in case child or member of staff is showing symptoms. PPE must be worn – Medical room will now be in the Kitchen. The room must be ventilated.</p> <p>First Aid – should a member of staff be vulnerable due to being CV/CEV they must advise the SBM or Headteacher – it will be determined via their risk assessment whether they should or are willing to complete FA.</p> <p>All staff must wear gloves and a mask. Should a child be coughing goggles <u>must</u> be worn and keep a distance of 2m where possible. Those providing care do not need to go home unless the person subsequently tests positive, develop symptoms or are requested to by PHE/Test and Trace. Staff providing care must sanitise after the person has left. PPE box present in medical room and clearly labelled.</p> <p>Should child go home poorly, only one parent can collect. Parent must then access the medical room from the outside and then leave. Collection will be from the bottom door or the library door. Medical room must then be cordoned off and cleaned at the end of the day. Should there be another case then the library should be used.</p> <p>Should person show symptoms – guidelines on pupils and staff going home will be followed until testing confirms outcomes. Isolation is 10 days for person who has a confirmed diagnosis.</p> <p>Should symptoms show for those within a household within those 10 days, the 10 days have to begin from the first day of symptoms. They must get a test and act in line with government advice following result. All others in households to self-isolate for 10 days advised to.</p>	<p>12</p>	<p>Yes</p>	

		<p>Should case be positive then all in pod and those who have been in close contact with the case must self-isolate for 10 days.</p> <p>Those who are vulnerable and test positive or are isolating will receive welfare calls to monitor their wellbeing and to receive support as required.</p> <p>The school will follow the advice of PHE and also use the dedicated service provided by the Government.</p> <p>School will not require evidence of a negative test however, all pupils who need to isolate must do so in accordance with government guidelines and the school will seek guidance should a parent refuse and insist their child attends school.</p> <p>Should a child or member of staff use the toilet when showing symptoms, this must be cleaned thoroughly before use, with the cleaner wearing full PPE.</p> <p>Staff showing symptoms will be able to utilise one of the tests in school, to protect the school community as quickly as possible and to ensure that the member of staff can return to work as soon as possible if the test is negative.</p>			
Staff LFD Testing Risk of transmission	Staff	<p>All staff who choose do are completing LFD testing in line with government advice and training.</p> <p>A positive LFD test may impact on closing a pod/isolating close contacts. School have procedures in place for this.</p> <p>Staff must get a PCR test following a positive LFD test. Should this be negative, the pod and staff can return. If positive, all close contacts must isolate in line for 10 days.</p>			
Staff/Pupils and masks Risk of transmissions	Pupils Staff	<p>Masks are not advised in primary schools and not worn in classrooms or in other teaching areas; however, face masks must be worn by staff attending to a pupil with suspected COVID-19 symptoms whether they are able to maintain a 2m distance or not or when they are providing any type of First Aid.</p> <p><i>Guidance now recommends that face coverings should be worn by staff and adult visitors in situations where social distancing between adults is not possible (for example, when moving around in corridors and communal areas). Children in primary school do not need to wear a face covering.</i></p> <p>The headteacher will have the discretion to decide whether to ask staff or visitors to wear, or agree to them wearing face coverings.</p> <p>In terms of removing the face masks, safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use or when being disposed of. Where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully.</p> <p><i>Please refer to the additional information with this RA in terms of wearing face masks.</i></p>	6	Yes	
Leavers events		These will be completed in line with June guidance and decisions will be made nearer the time as to the organisation and parental attendance.			

<p>Visitors to site Visitors do not adhere to protocols, increasing the risk to both staff and pupils and parents</p>	<p>Pupils Staff Parents</p>	<p>If it is not safe for visitors to attend site they will be informed. No parents will be on site unless for SEND/TAC/medical meetings/visits.</p> <p>Visitors to the school will be advised of the arrangements for social distancing. Should they be a company they will need to submit RAMS which indicate their measures under cOVID-19. SBM will challenge these if not sufficient.</p> <p>SBM to ensure that risks associated with managing contractors, visitors, catering staff and deliveries, as well as cleaning staff on site who may be working throughout the school and across different groups, are addressed. Site guidance on physical distancing and hygiene is explained to visitors on or before arrival. Where visits can happen outside of school hours, they should. A record should be kept of all visitors.</p> <p>All visitors will enter through the bottom door.</p> <p>All deliveries will go to the brown door. All packages will be left outside for collection.</p> <p>Should they be a visitor in relation to a child, they will also be informed of all protocols and social distancing will be adhered to in all meetings either with pupils or staff.</p> <p>All visitors who are required to work closely with children will be required to bring their own PPE.</p> <p>All gates to be closed/opened by Site Officer/SBM once all pupils are in. School site is secure so no unauthorised visitors can enter the site.</p> <p>Immunisations expected in Autumn term – and office team will liaise with Nursing Team about providing immunisation programmes on site, ensuring these will be delivered in keeping with the school's and NHS' control measures. These programmes are essential for children's health and wellbeing and can also provide benefits for staff.</p>	<p>12</p>	<p>Yes</p>	
<p>What children bring to and from school</p>	<p>Pupils Staff Parents</p>	<p>Children only to bring coat, sunhat, lunch and water bottle. All belongings to be placed on or under chair next to child.</p> <p>Cloakrooms not to be used or accessed by pupils unless it is to go to the toilets.</p>	<p>4</p>	<p>Yes</p>	
<p>Marking Risk of transmission is low as per guidance</p>	<p>Pupils Staff</p>	<p>Books can be marked as usual but verbal feedback will also be used. Please refer to earlier information.</p>	<p>4</p>		
<p>Collective worship Too many pupils across pods will increase risk of transmission</p>	<p>Pupils Staff</p>	<p>All CW will take place in Pods or virtually</p>	<p>4</p>	<p>Yes</p>	
<p>Offices Close contact within a small space leading to</p>	<p>Pupils Staff Parents</p>	<p>The front office is not to be accessed by staff, unless invited or pupils and entry into school will remain by the hall door. Clear signage is in place. This protects the staff and supports their well-being.</p> <p>Entry by other members will be on an agreed basis and only if absolutely necessary.</p>	<p>6</p>	<p>Yes</p>	

staff and visitors put at risk		Office also have screens put in place to provide further protection.			
Playing outside Pupils do not remain within bubbles/pods so increasing risk of transmission	Pupils Staff	All pupils will play in their pods when outside in clearly demarcated areas. No mixing allowed and staff on duty must be vigilant. Each group will have a box of toys to play with which will be cleaned at the end of each day. Areas that are 'Out of Bounds' e.g. Trim Trail, will be detailed to pupils on a regular basis	9	Yes	
Food Safety Risk of transmission through touch and close contact work	Pupils Staff	Until further notice no food preparation activities are to be undertaken by pupils or staff on site.			
Educational Visits/Trips/Residential The risks of visiting other sites, and managing other hazards increases risk for staff and pupils	Pupils Staff Visitors Parents	From May 17 th residential visits will be able to take place and all measures detailed in the July guidance will be covered and met by a separate risk assessment. Residential visit will be in line with guidance – please see separate Risk assessment. Day trips are allowed as long as we can ensure that all measures are met. Any educational day visits must be conducted in line with relevant COVID-secure guidelines and regulations in place at that time. This includes system of controls, such as keeping children within their consistent groups and the COVID-secure measures in place at the destination. The school will undertake full and thorough risk assessments in relation to all educational visits to ensure they can be undertaken safely. As part of this risk assessment, the school will consider what control measures need to be used and follow wider advice on visiting indoor and outdoor venues. We will also consult the health and safety guidance on educational visits when considering visits. Those with EHCPs, , will complete separate excursions in line when their targets include life skills activities as long as the risk assessment demonstrates it is safe to do so.			
Beginning and End of day – Gilberts Gang Mixture of pupils from pods into after school care increases risks for staff and pupils	Pupils Staff Visitors Parents	Gilbert's Gang to ensure they support the school by ensuring that areas used by them are handed over in a condition that is consistent with the prevailing government guidelines on the cleaning and maintenance of educational facilities. They will ensure they have a risk assessment in place. Registers of those in GG pods: GG to provide the school with pupils within pods in the event of a confirmed diagnosis, those in close contact can be ascertained. From 17 th May 2021 Provision will resume in full but with consistent pods.			
Deliveries to school	Pupils Staff Visitors	-Delivery drivers to press buzzer for entry, and/ or ring the office staff for assistance All deliveries to be taken to the brown door where they will be met by a member of	9	Yes	

Unplanned entries into school leading to increased risk		staff All deliveries to be left outside the door. Nothing must be signed for. Signage is in place to direct delivery drivers. Note – Restrict/ Reduce Access into School

DRAFT

<p>Test & Trace</p>	<p>Pupils Staff Visitors Parents</p>	<p>The school will engage with the NHS Test and Trace process so that cases can be identified and action taken. Parents have already been advised that their details will be provided should it be required (visit to school or otherwise) by the NHS. Staff must ensure that all contact details are up to date. The school will follow and abide by advice from the NHS should this be required. All visitors will be advised on arrival that their details will be kept on the Entrysign system – name, contact details and named company. Communication to parents to be undertaken in term 1 (2020/21) to ensure that if a child or family member develops symptoms, arrangements will be made for them to get a test and they should inform the school of the results of that test – this is ongoing</p>	<p>9</p>		
<p>Suspected Covid-19 Symptoms</p>	<p>Pupils Staff Visitors Parents</p>	<p>-Check for and of the following symptoms – High Temperature Coughing Taste and Smell</p> <p>If any of the above symptoms are present, then arrangements MUST be made to remove affected person from school immediately into self – isolation.</p> <p>Please refer to guidance to parents on how to determine the difference between Coronavirus and colds, flu. The guidance also provides information on what to do next.</p>		<p>Yes</p>	<p>Covid-19 Symptoms guidance sheet to be issues to all staff</p> <p>Stay at home for 10 days if you show symptoms and 10 days of someone in your house shows symptoms.</p> <p>Get a test</p> <p>Contact NHS if symptoms worsen.</p>
<p>Avoid catching and spreading Covid-19 (Social Distancing)</p>	<p>Pupils Staff Visitors Parents</p>	<ul style="list-style-type: none"> - Wash hands with soap and water often for at least 20 seconds regularly including before and after break/lunchtimes/before and after they go to the toilet. - Always wash your hands when you get home or into work - Use hand sanitiser gel if soap and water are not available - Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze - Put used tissues in the bin immediately and wash your hands afterwards - Avoid close contact with people who have symptoms of Covid-19 - Only travel on public transport if you need to - Work from home, when you can - Use phones, online services, or apps to contact your GP surgery or other NHS services 		<p>Yes</p>	<p>Signage to be installed on doors and other areas - DONE</p> <p>PPE (gloves/ tissues/ hand towels)</p> <div data-bbox="1447 970 1812 1185" style="background-color: #e0ffe0; padding: 5px;">  <p>Wash your hands more often and for 20 seconds</p> <p>Use soap and water or a hand sanitiser when you:</p> <ul style="list-style-type: none"> Get home or into work Blow your nose, sneeze or cough Eat or handle food </div> <div data-bbox="1447 1249 1839 1492" style="background-color: #e0ffe0; padding: 5px;">  <p>Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze and throw the tissue away straight away</p> </div>

Social Distancing (meetings etc)	Pupils Staff Visitors Parents	<p>Adults - Maintain 2M between each other (where possible)</p> <p>Pupils - minimise contact and maintain distance, as far as possible. In broad terms, it will involve asking children to stay within specified separate pods and or bubbles and through maintaining distance between individuals. The government's guidance to schools recognises that younger children may not be able to maintain social distancing so it is likely that for younger children the emphasis will be on separating groups, and for older children, it will be on distancing. All groups to remain consistent</p>		Yes	
Cleaning	Cleaner s Staff	<p>- When staff member of pupils goes home with symptoms, where possible disposable PPE should be worn (gloves etc). These should be doubled bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished</p> <p>- Clean hard surfaces with warm soapy water then disinfect with cleaning products normally used, paying particular attention to <u>frequently touched areas and surfaces</u>, toilet areas, grab-rails and door handles</p> <p>- <u>Wash hands regularly</u> with soap and water, and after removing PPE</p> <p>All cleaning and hygiene must be completed in line with guidance. https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings PPE should be worn.</p> <p>Monitoring will take place to ensure that cleaning is thorough and in-depth.</p> <p>Provide guidance to Site Officer to oversee.</p>	12	Yes	<div data-bbox="1509 368 1608 496"></div> <p>Wherever possible, wear disposable or washing up gloves and aprons for cleaning. These should be double bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished</p> <hr/> <div data-bbox="1491 552 1619 627"></div> <p>Using a disposable cloth, first clean hard surfaces with warm soapy water</p> <p>Then disinfect these surfaces with the cleaning products you normally use. Pay particular attention to frequently touched areas and surfaces, such as bathrooms, grab-rails in corridors and stairwells and door handles</p> <hr/> <div data-bbox="1469 778 1733 1054"></div> <p>Cleaning an area with regular household disinfectant after someone with suspected coronavirus has left will reduce the risk of passing the infection on to other people</p> <hr/> <p>Wash hands regularly with soap and water, and after removing gloves, aprons and other protection used whilst cleaning</p>

Building Checklist

Please note that this is not exhaustive and you should apply your usual building checks following the summer holiday closure period

Activities	Reasons	Responsibility	✓
Legionella management			
Review Legionella Risk Assessment	Identify the risks and what action is required	Facilities management contractor – Guardian	Ongoing – Monthly testing ongoing. Weekly and monthly in-house checks and tasks ongoing
Flushing of all outlets including low use outlets	This involves flushing the outlets (Taps /Showers etc) for a minimum of 10 minutes or until the temperature at the outlet stabilises and is comparable to supply water. Legionella risk if the system has been left unattended for any length of time. This should have been carried out weekly and recorded.	School	Completed every week
Run washing machines or dishwashers through a cycle	This ensures that any standing water is flushed through	School	Used Daily during term time. Site staff to run dishwasher at least twice a week during the summer break
Fire Safety			
Test fire alarm	Identify any faults	School	Weekly
Check Fire extinguisher's	Check they have not been tampered with and are in date	School	Monthly
Review Fire Risk Assessment	Identify whether any changes may affect the FRA	School – contact competent contractor if a new risk assessment is	Reviewed - no changes – fire evac procedures to be reviewed on return on 01.09.20

		required	
Review evacuation plans	Identify if evacuation plans need altering	School	See above
Review Fire Procedure	Update if there are any changes as a result of reduced numbers/staff levels etc	School	See above
Maintenance inspections			
Contact Property Centre/Facilities provider	To identify what maintenance has been missed/is due. Carry out any property maintenance work	School	On site everyday
Check Insurance inspections are up to date	Identify whether equipment such as lifts can be used	School	Yes

DRAFT

General			
Test disabled toilet alarm (if applicable)	To determine if there are any faults	School	N/A
Test panic alarm (if applicable)	To determine if there are any faults	School	N/A
Test Lift Alarm(s) (if applicable)	To determine if there are any faults	School	N/A
Check for Evidence of Pest Infestation	Infection Control	School	Site staff check daily
Check Building Fabric	Identify if there has been any damage	School	Site staff check daily
Check hot water boilers	Identify any issues	School	Boilers being fixed currently
Adjust heating settings	Likely to need adjusting to summer settings	School	N/A
Check mechanical and electrical equipment	Check all are functional – organise repair if required	School	Systems run as required
Check PAT testing dates	Ensure electrical equipment is safe to use	School	Feb 20
Check Drinking water dispensers	Check with your contractor what course of action is required as water would have been sat in the system	School	N/A
Check drink hot water boilers	Check for any lime scale or water quality issues	School	Ongoing daily
Cleaning			
Review cleaning schedule and requirements	Identify what additional cleaning is required and whether a deep clean is required prior to reopening	School	In place
