Recommendation 1:

Continue to develop effective use of Assessment for Learning within and beyond lessons (assess, plan, do, review).

Recommendation 2:

Continue to ensure pupil progress information and data informs teaching and learning that is sharply focused on the specific learning needs of pupils. PP Profiles should be consistently detailed to support pupils learning in class and through targeted interventions.

Recommendation 3:

In-class provision and additional interventions for PP pupils continued to be monitored closely, as part of the school's established monitoring and evaluation schedule. Governors should also build focused PP monitoring visits / meetings into their termly schedule.

Recommendation 4:

Continue to utilise the skills and experience of TAs to support differentiated learning / targeted teaching that closely meets the precise learning needs of pupils.
